

CUT RESISTANT I HAND

# CT1071NM

We Protect People.

## Graphene Fibre, the next generation in cut-resistant fibre technology.

- 25% Lighter than a standard fibre cut E glove
- No blended fibre glass therefore no fibre breakdown which reduces protection and causes irritation.
- Pinky drop technology ensures that the glove follows the contours of the hand including the little finger, this improves dexterity and comfort.
- 9.16x stronger than HPPE on an equal weight glove
- Next generation nitrile micro-foam provides high levels of flexibility, tactility and durability
- Breathable to reduce clammy hands
- Powerful grip across wide range of applications
- Contact heat up to 100°C for 15 seconds
- Anti-bacterial treated to prevent odour

Liner	Graphene fibre
Coating	Nitrile Micro-foam
Coating Coverage	Palm
Packaging	100% Recyclable 12 Pair   Paper Band 144 Case   LDPE Poly Bag
Sizes	6-12
